Report of the Committee Appointed for the Disposition of
Noncurrent Portions of "Other Receivables" -
Balance Sheet dated 31 May 1953

STATINTL

1. There are enclosed for your information and that of the members of
your command serving on my Committee two copies of my
report dated 12 November 1953. It was felt that one complete set of the tabs
would be sufficient for your files.

2. I feel that definite progress has been made. However, obviously
work remains to be done in the process of winding up. Further reports will,
of course, be made as the Committee's work progresses.
